About GP Strategies

GPiLEARN+ and GP Strategies draw on the resources of Learning Technologies Group, a global learning and talent management organization with unparalleled reach and scale.

LTG product family and partner technologies

Our Customer Promise

We will make it easy to work with us.

Collaboration and Communication

- We will work with you in partnership, keeping in mind your business needs, culture, budget, and audience.
- We will excel in open and transparent communications at all times to enable this partnership to flourish.

Efficiency and Flexibility

- We will work flexibly with you, adapting our processes and ways of working to match yours wherever we can.
- We will ensure that we operate with maximum efficiency to drive and balance speed, quality, and value at all times.

Creativity and Innovation

- We will maintain our culture of creativity and innovation at all times, bringing new ideas and approaches to the table.
- We will drive for engaging and relevant learning experiences, challenging ourselves and our partners wherever we can.

Expertise

- We will bring you a powerhouse of industry leading experience, expertise, and thought leadership in learning.
- We will connect and draw in expert associates and partners in all areas as we can to drive innovation and success.

Value and Results

- We will deliver value in all that we do. We will only ever deliver service and content that we believe is critical to the success of our goals.
- We will measure ourselves against our goals and strive to continuously improve our value at all times.

Sustained performance requires more than learning, processes, or systems alone.

Culture of development and innovation

Alignment with the overall employee value proposition
